Julia,

Attached are three interview summaries and some documents related to the VADEQ involvement at the Site as well as a list of parties who received Information Requests pursuant to Section 104(e) of CERCLA and Notice of Potential Liability pursuant to Section 107(a) of CERCLA.

The documents related to the removal action itself, including all Polreps, sampling data, and photos of the Site are available on the OSC's website: www.epaosc.org/twincities

I will be getting the title documents together for you today or early tomorrow and will send them via a separate message.
